

The drought has made the flushing of sewers impossible in the Seventh Ward, and President Clements of the Board of Health says the diphtheria case was directly due to this. He claims the stagnated sewer over which children had been playing bred the germs of the disease.

# In Social Circles.

**Musical Success.**  
The literary and musical entertainers and social held last evening by the Dames of Malta in the title and just building was a grand success both financially and socially. The musical and literary program rendered during the early part of the evening was one of the most delightful features and the success of the program is due to Miss Viletta Howard.

The program was as follows, and dress of welcome little Miss Julius Manheimer, vocal solo Miss Nellie Maust selection by a quartette composed of L. A. Howard, J. G. Hicks, Grant Meyer and William Hicks, piano solo, "Fidelity," Viletta Howard, recitation, A Japanese Lullaby, recitation, selection by the quartette, recitation, A Gentleman I Know, Samuel Manheimer violin solo, Miss Laura Maust, accompanist Miss Sadie McElferty, recitation, Little Jo Flowers, Rosalie Post piano solo, "Convent Bells," Viletta Howard vocal solo, "The Holy Priest," and I Will Always Love You, A. Howard, recitation, Mrs. J. S. Springer, close address, Mrs. L. S. Michael.

At the conclusion of the program, a very enjoyable social hour was held and at a late hour an elegant luncheon was served. Quite a neat little sum was realized.

**Surprise Party.**  
In honor of her 15th birthday and birthday Miss Nellie Jeffries was tendered a well arranged surprise party yesterday at the home of her aunt Mrs. H. Moore, No. 603 Eighth street. The arrangements of the evening were games until 10 o'clock, when dinner was served. The decorations in the dining room were carried out in full flowers.

Among the guests present were Mrs. F. Jeffries, mother of the guest of honor, Mrs. Robert Hanson, Miss Butterfield, Miss Ellis Layton, the Misses Holson, Miss Fannie Wilson, Miss Ada Layton, Miss Minnie Soles, all of Connelville, C. H. Allen of Friendsville and Mr. and Mrs. N. M. Thompson of Charleston, W. Va.

**Hold Outing.**  
Mr. and Mrs. J. W. Stillwagon Mrs. Harry Cox and Mrs. Thomas Williams of Sumner, Pa. and Mrs. Bush of Hanover, a daughter of Mrs. Williams, joined a jolly party who spent yesterday at Rogers Mill. At noon an elegant dinner was served from well filled baskets brought by the picnicers, and the day was pronounced as one of the most enjoyable ones spent by the crowd for some time. For past few years it has been the custom of the party to hold a similar outing the one last year being held at Ohioport. They were greatly delighted with the pretty spot where the outing was held yesterday and it is likely that the same place will be selected for next year's outing.

**Entertaining for Miss Barnett.**  
A very delightful social evening was held last evening at the home of Miss Samuel Cox on Apple street in honor of Miss Jane Barnett, a widely known and highly esteemed resident of town. The affair was a complete surprise to "Aunt Jane," as she is better known, and was arranged by Miss Cox. The evening was spent in very enjoyable manner until a late hour when a bounteous repast was served. About 15 guests were present. Several musical selections were well rendered by Misses Ruth Cunningham, Ellen Sherlock, and Mayme Cox.

**Surprise Party.**  
Manager Frank Conroy of the ten cent store of J. C. Conroy & Company, and wife were tendered a very enjoyable surprise party last evening by the employees of the company. The evening was a most enjoyable one with various games and music being indulged in until after 11 o'clock when refreshments were served. The out of town guests were Miss Flora Jones, Mrs. Anna Suttler and Miss Dillie of Scottdale.

**Entertains "500" Club.**  
The 500 Club of Dawson was entertained yesterday afternoon between the hours of 2:30 and 5 o'clock by Miss Stella Ogilvie at her home at Van derbilt. At the close of the games a charmingly appointed luncheon was served.

Among the guests of the club were Miss Carl Hoener, Misses Edna Evans, Helen and Ruth Norris, Eleanor Henrick of Connelville.

**Birthday Party.**

# FELDSTEIN STORE IS CROWDED AT OPENING.

Great Throng Visits Establishment and Becomes Acquainted With Fall Styles.

Between the hours of 1 and 10 P. M. yesterday the dry goods store of M. H. Feldstein & Company was thronged with a vast crowd of people, mostly women, the attraction being the annual fall opening. Many improvements have been made upon the store room since the last opening and yesterday it was in gala attire for the occasion. The suit department which was formerly on the second floor has been removed to the first floor where much more space can be devoted to this line of ladies' wearing apparel. A corner department has been fitted up and special attention will be paid to this department by Miss Lillian Oberly. Various styles of the American Beauty corsets were on exhibition yesterday. Practically every bolt of piece goods has been disposed of by the firm and special attention will be paid to an exclusive line of ladies' ready-made wear, especially suits. A new line of millinery has been received and a very attractive millinery department has been fitted up in the rear of the store. Here a large assortment of hats were on exhibition in the suit department was displayed one of the largest assortments ever seen on exhibition in Connelville. Now cases have been placed on either side of this department and every available space was taken up with suits and skirts.

The new display cases in front of the store were attractive with a new display of ladies' neckwear, boleros, purses, etc. while the display windows formed a fitting companion for the interior of the store. An elegant display of ladies' suits and furs being exhibited. The decorations were very attractive, the color scheme being carried out principally in the colors of green and white. The dresses and counters were artistically trimmed so that the colors blended in perfect harmony with the color scheme. Tall ferns and palms adorned every available space. Since its new improvements and a large assortment of ladies' wearing apparel, Connelville has been one of having one of the most exclusive and modern up to date stores in Western Pennsylvania.

An excellent musical program was rendered both afternoon and evening by Kiefer's orchestra which with the courteous treatment of the management and employees added greatly to the enjoyment of the event.

# FORAKER DENIES STANDARD STORY.

States He Was Employed as Counsel for Company But Retired When He Went to Congress.

United Press Telegram  
CINCINNATI, O. Sept. 15.—Senator J. B. Foraker gave out a statement today regarding the charge made against him at Columbus by Hearst and letters to the Senator signed by John D. Archbold of the Standard Oil.

I don't know whether the letters given out by Hearst are true copies or not but I assume they are for I was then engaged in the practice of law and was employed by the Standard Oil as one of its counsel in connection with Ohio affairs where it was attacked in the courts and legislation. While I do not remember the details I remember I rendered the company such services as I could charged for it and was paid. My employment had no reference to anything pending in Congress or anything in which the Federal Government had the slightest interest. I made no effort to conceal the fact my employment ended before my first term in the Senate expired. I have not reemployed the company in any way since.

**To Clean Kitchen Utensils.**  
Cleaning pots and kettles is usually considered the most disagreeable piece of drudgery in the household but like everything else there is an easier way to do it if one knows how. As soon as the food is removed from such utensils pour in some water and a small quantity of a solution made by dissolving a tablespoonful of Gold Dust washing powder in a gallon of water. Leave to soak while washing the dishes then pour off the water and fill with clean water made in the same way. If particles of food still adhere to the inside of the utensils, use pot rtings for removing them.

The other is—but, never mind about the other. What you are interested in is P. & G Naphtha Soap.

The superiority of P. & G Naphtha Soap is proven, first, by the color of it and, second, by the fact that it is harder than any other naphtha soap.

The color shows that there is no rosin in P & G Naphtha Soap. Some naphtha soaps contain as much as 25% rosin. P & G Naphtha Soap contains none.

The hardness indicates that it will last longer, will do more work and is, therefore, more economical.

## AGAINST THE STEEL MEN

Colonel Bryan says the steel interests are furnishing the money for the Republican campaign. It is not impossible that the steel manufacturers as individuals are furnishing a share of the Republican campaign funds but there is no reason in the world why they should. The steel business is moving slowly but surely, and with the bugaboo of Bryan eliminated from the situation the steel men look forward to a general revival of business with an accompanying boom in their own business. They are interested in the election of Taft because their contributions.

But they are interested alone. With them are interested the miners and coke regions, the furnace men and mill men, the railway employees and all other workmen employed by tributary interests and in a lively and living sense the interest of labor is much greater than that of capital. The men of means are in small danger of coming to personal want and suffering, which must inevitably overtake many workmen if Bryan should be elected because it is evident in the latter case that capital will hide and industry will languish the long-dispersed army of the unemployed will mobilize again and the Soup House of blithering memory will once more become a sad but necessary institution.

This is no fancy picture drawn for parties in purposes but a ghastly danger which impends, and we would not be faithful to the people if we did not point the solemn finger of warning. Let no man's partiality blind him to the dire possibilities of the political situation. Whatever may be the merits or demerits of the candidates and the parties the cold and cruel fact remains that the business world distrusts Bryan and consequently Democratic success means business depression and disaster, and that on the other hand, the election of Taft will be a reasonable assurance of renewed prosperity.

The steel men should contribute to the Republican campaign and so should every worker in the industrial ranks, and they should all contribute their votes to the election of a President who will continue the policies which have so rapidly made this country so great and so wonderfully prosperous.

## THE CONSOLIDATION MOVEMENT

It is unfortunate that the members of the Connelville Council cannot get together for the transaction of important business but we will hope that the delay will not be longer than is necessary to insure pending matters being attended to properly and lawfully.

It is sometimes better to be sure even if not so fast as our natural impetuosity suggests. The consolidation proposition however should be consummated at the next regular meeting of the Town Council without fail.

In the meantime if there are any suggestions on the part of the citizens, the Town Council should hear them in open session at a special meeting, which may be formal or informal. We would suggest a meeting of the Town Council as a Committee of the Whole to consider in conjunction with any citizens who may desire to be heard the question of ward divisions in Connelville, that being about the only portion of the consolidation proposition which can possibly need amendment. The remainder is objectionable and should not be disturbed now that it has the formal approval of the New Haven Town Council.

We do not believe there is a single member of the Connelville Council opposed to consolidation and we think the situation needs patience and perseverance mutual confidence and consideration.

## THE CAMPAIGN IN FAYETTE COUNTY.

The political campaign in Fayette county has been somewhat backward, but there is no reason to think that its finish will be hesitating or cold. It bears a close resemblance to the national campaign, which it is following at a respectful distance.

The Bryan boom was started with a loud huzza on the top of Chestnut Ridge in Springfield township. A lonesome hickory pole and the memory of a few speeches more remarkable for their fitness than their fire are all that remain. The Bryan campaign in Fayette county has been open and that's about all that can be said of it. The opening seems to have exhausted all the energies of the party leaders, but when it is considered that they were Guffey adherents it is not to be wondered that they have refused to work over time on the Bryan job.

The Republican, on the other hand, have been busy planning and preparing their campaign. Chairman Johns and his assistants and advisers are old campaigners who never go off half-cooked. The formation of the Fayette County Republican Club is perhaps the only outward and visible sign thus far manifest of their work.

but it is only one form of their activity.

The Republican organization is in the right to win and it will elect every man on the county ticket and give the usual emphatic endorsement of the Republican national ticket. When the Republican campaign opens up in Fayette county it will be pushed hard and fast to a triumphant conclusion. The fighting will be forced from start to finish.

Watch the cooing feathers as when the 'coon gets busy.

The man who thought he should have been arrested for drunkenness when he had the money to pay his fine should have remembered that all good citizens are expected to attend to their own business. It was the business of this patriotic citizen to step up to the desk and settle for anything he had done but as for anything he had in contemplation he is reminded of the fact that there is no warrant of law for the issue of permits for the commission of crimes or misdemeanors.

When the blind leads the blind both are making a beeline for trouble.

The average railroad man is not averse to an attachment, especially if it looks good to him but these West Virginia attachments that are hitched to the railroads are not welcomed by the railroads as they are unwelcome to the attentions of the devil.

The plumber is beginning to believe there's something in the reports of a turning prosperity.

Bryan essays to blame the recent and fast-disappearing business depression on the Republican party but the panic of 1897 will look like thirty cents compared with the panic which would follow his election as President. The man of means has more than the calamities of Bryanism.

Between his wife and his lawyer man is no longer a free agent.

The Connelville mining pump industry is reported to be improving. This industry is one of the indices of the coal and coke trade and its gradual recovery is full of encouragement for the workmen of the Connelville region.

The court evinces a disposition to discourage the popular pastime of burglary.

Untertown is developing a perniciously active gang of highwaymen within the shadow of the court house. The police are doing their best to keep the law on the streets but with legitimate and lawful industries suffering from blight.

Taft will likely break the edge off the Solid South in the neighborhood of Mason's and Dixon line this fall.

Public school societies are being introduced in Westmoreland county. The more sociable the teachers and pupils and parents are the better the public schools will get along. The school sociable is unquestionably a good institution.

The drought is bringing diphtheria as well as typhoid upon a desolate people.

The Burgess of Washington by Col. Bush is a Solomon. He sentenced seven boys found guilty of turning in false fire alarms to be soundly thrashed by their fathers. The sentence should be faithfully carried out. It is a case where the rod will not only save the child but likewise save the town from annoyance and danger.

William Rery's strenuous objections to returning to Fayette county are not becoming to an innocent man.

The Armstrong county authorities are determined to stop the practice of destroying all life in the streams by the use of dynamite. Some of the best-natured boys of this habit have been assessed the sum of \$100 each. At this rate most of them will probably find fishing too expensive.

The Marietta outing was a bright spot on Bullskin township.

The mining laws are more strictly observed now than ever before. The mine inspectors present the violators promptly and impartially. The law is violated with impunity and immunities it becomes inhuman legislation.

The Wright aeroplane has gone wrong.

The mining laws are no longer disregarded with impunity because the mine inspectors are so ready to punish. There is no more immunity from punishment.

They were bold navigators who first sailed the waves of sea but no bolder than the political navigators of the air.

Bryan thinks it is a crime to contribute to the Republican campaign but his eggless letters are boldly printed in every Democratic organ in the land.

It is difficult to see how Bryan extracts any comfort from the West Virginia electoral defeat. Bryan likes to count the lost votes and the Republican nominees for Congress. West Virginia is more likely to give the Republican Presidential ticket a substantial plurality.

Edison the electrical wizard, is getting the lightning bolt. He will be watched with unusual interest. Edison usually produces results when he puts his mind to the problem.

Smithfield's Upper Creek is reported to be dangerous.

J. Frost has appeared and the straw hat is on the way. But twice Frank Miller following his custom will hang on to his summer headgear until fall is elected.

Since Roosevelt has repudiated the claim of Bryan to the Presidency Bryan calls Roosevelt a traitor and politician. R. will probably treat as that phrase for use after the election.

A man may not take the law into his own hands very far without danger of the law taking him into its hands very suddenly.

The dust of the streets is dangerous in more than one way. It may carry the germs of disease which inhaled or swallowed will develop in the human system.

## NEWS OF A DAY IN SCOTTDALÉ.

**Louis Shriver Hunting for  
Son Mysteriously Miss-  
ing From Home.**

**HE LEFT ON MONDAY LAST.**

**Long List of Scottsdale Boys and Girls  
Who Are Leaving for School and  
College—"The Show Girl" Opens  
Gay Theatre.**

SCOTTDALÉ, Sept. 18.—Louis Shriver of Walnut Hill was in town yesterday hunting for his son who had been mysteriously missing from home since Monday, and whose whereabouts is giving his parents concern. The boy is aged 16 years and left to hunt a house for the family to move to the place where they are now having no water on account of the drought and it being desired that a place be found where they would have water. There were some wages due the boy from a neighbor, which he was to receive on Monday, but he did not go there to get them, and it is believed that he had little if any money when he left. He was dressed in a very dark suit, a crushed hat and trousers with a small stripe showing. The only word that could be found of him was that he was seen with another boy getting on a freight going south on Monday. His parents are anxious about him.

**They Are Off for College.**  
The young people of Scottsdale have begun their exodus to the various colleges and schools that will occupy their time for several months to come. Among those who have left or are booked to soon leave for school are John Morrison and Robert Feltgar, West Virginia University at Morgantown; Joseph Kennedy, University of Pittsburgh; Thomas King, Holy Ghost College, Pittsburg; Clifford Smith, Eugene Miller and Frank Hill, Kleckman School, Saltburg; J. L. Sherrill, Leo Sherrill and William Mollins, State College, Frank Porter, Dickinson College, Carlisle; Bess Campbell and Mable Fret, Wilson College, Chambersburg; Catherine Lynch and Millicent Stuart, St. Xavier's College, Beatty station; Irene Loucks, Penn. **Opera House Opened.**  
The Meyer Opera House was opened for the season last evening with "The Show Girl" as the initial offering. This musical comedy drew a good audience and was much enjoyed. The music is clever and there are several specialties that caught the audience. The company went from here to Mt. Pleasant and is booked for Conneltsville on Saturday.

**Colds Are Many Now.**  
There is a perfect epidemic of colds throughout the town and the physicians blame it on the dust and long continued drought. The dust accumulates on the mucous membrane and starts irritation that soon results in the victim being in a very uncomfortable way. The habit of deep breathing that many people cultivate is pretty nearly useless now when the air is so full of dust at all times.

**Fall Millinery Opening.**  
The Brown Millinery Company of Scottsdale will have their fall millinery opening Saturday, September 19. They invite an inspection of their superb line of hats.

**Cleaning the Street.**  
Street Commissioner T. B. May's force with the sprinkler and mechanical broom have been out on the streets on Thursday and today sprinkling and cleaning them. They encountered more dust this time than they have yet experienced in their rounds during the summer.

OPPOSE SADDLING OF  
COSTS ON COUNTIES.

Office of Justice of Peace in Many Places a Grating Institution, Says Solicitor.

GREENSBURG, Pa., Sept. 18.—The final session of the State County Commissioners' Convention was held yesterday morning adjournment being taken at noon.

"Should Assistant Assessors Be Appointed?" was the discussion opened by Frank H. Fay of Harrisburg. The general sentiment was that the work now required of assessors is sufficient to warrant assistants. R. E. Hopwood of Uniontown spoke on "How to Obtain More Equitable and Correct Assessments." John W. Kephart of Greensburg, Solicitor of Cambria county, led the discussion of "How to Avoid the Excessive Costs in Cases as Piled Up by Many Justices." Mr. Kephart declared in many places the office of Justice of the Peace is a big grating institution.

The sense of the convention seemed to be in favor of a change in the laws regulating the office of Justice of the Peace, insofar as saddling the costs on the county is concerned.

Many of the delegates left Greensburg yesterday afternoon to be guests of the Allegheny County Commissioners, and others went to Uniontown, where they were entertained at the Summit.

## SOISSON THEATRE.

"The Musical Comedy, 'The Show Girl,' Coming Saturday.

The peer of all musical productions is to be presented here at the Soisson Theatre, matinee and night Saturday, in exactly the same manner that has characterized its great success. "The Show Girl" has for several years set a pace and is a standard from which all musical productions are made, and this season the production is up to the highest standard and a splendid performance is assured theatre-goers. "The Show Girl" has enjoyed success and prosperity from its first premier and is a beautiful and as brilliant and bright and breezy and beauty and brains and melody can make a successful musical comedy. The freshness of the humor is intensely interesting and is both clever and amusing. The dialogue is clean and crisp and the lines are full of sparkling fun and surprising turns and the funny situations are many. Its characters are neatly differentiated, the plot is intricate and is cleverly developed through a maze of cross purposes to a clear and consistent finale, while the climaxes are capital. While the action is going on there is not a dull moment and tells a story without a blush or blush to mar the pleasure of its mirth and merry measures.

There are over 20 new whistling song hits, including the following success— "Sometime Perhaps," "Don't You Wish You Were Married?" "No Sailor Boy," "Psyche," "Won't You Be My Honey?" "Little Country Maid," "The Moon Man," "You and I," "The One That He Loves Best," "The Garden of Roses," "Caroline" and others.

The production is beautifully staged and handsomely gowned and an entire new scenic and electrical equipment and costumes have been provided for the season's tour.

COOL WAVE STARTS  
GYPSIES SOUTHWARD.

Migration of Wanderers Begins With First Tinge of Autumn Weather. Band Passes Through.

Signs of Fall were made more pronounced yesterday afternoon when a band of gypsies passed through Conneltsville on their annual flying to the South. Like the birds the gypsies always start for the South with the first wave of cool weather. The band that passed through Conneltsville has been stopping at camps in Westmoreland county and in Bullskin township, but the cool nights gave them the hunch that it was time to seek a warmer climate.

From Conneltsville they will go to Uniontown, taking the journey by easy stages. Here they will embark on the southward journey over the great national highway, and it may be weeks before they complete the journey between here and Cumberland. From the latter place the journey to the Southland will be made in more rapid time, and when black winter settles down over Western Pennsylvania the gypsies will be basking in the sunny South, care-free, happy and contented, with a few horses, a wagon and a woman telling fortunes.

## DIES AT NORMALVILLE.

Old Resident Succumbs to Heart Disease Last Night.

NORMALVILLE, Sept. 18.—Although he has been a sufferer from heart disease for a number of years, the death of David S. Hodge came suddenly last night. He had retired when he was attacked and coming to a lower floor he sent for medical aid, but before a physician reached him he had expired while sitting in a chair. The end came shortly after 9 o'clock.

The deceased was 77 years old and was of Scotch-Irish descent. He was born at Williamsport, but spent the greater part of his boyhood on the Striberdy farm, near Conneltsville. For a number of years he was engaged in business at Ruff-dale, but has spent the major portion of his life in Normalville.

He is survived by a widow, Catherine Lohr, and two daughters, Mrs. A. R. Bussler of Scottsdale and Mrs. Jacob Pope of Mendon. The funeral will likely take place tomorrow from the M. E. church, of which he was a member, and the services will be conducted by the Revs. Lechworth and Ryan.

## PECULIAR ACCIDENT.

Ohioyle Man Had Finger Cut Open to Remove Needle.

OHIOYLE, Sept. 17.—C. W. Sallier, a well known citizen of Ohioyle, met with a peculiar though not serious accident while at work repairing a house occupied by A. C. Bailey on Main street yesterday. While running his hand over the wall which had just been papered, he hit a needle in his finger. The needle had a short piece of thread in it, and in an effort to pull it out he found he was unable to do so, even with the assistance of others. He went to a doctor, who found it necessary to cut the finger open to get the needle from its position.

## Has Many Organizations.

SMITHTON, Sept. 16.—Smithton is well supplied with fraternal organizations. There are 11 societies in this place and they all hold meetings in the Odd Fellows' Hall. The problem now confronting the management of the hall is to arrange for the different orders to meet without conflicting with one another. Owing to a misunderstanding last night, three of the organizations attempted to meet, and there was a general mix-up.

## Values Forefinger at \$800.

GREENSBURG, Pa., Sept. 18.—A jury decided in Common Pleas Court here yesterday that a forefinger is worth \$800. Mrs. Annie D'Happert sued the Baltimore & Ohio railroad for \$2,500 for the loss of her forefinger through being caught in a rough floor. The company claimed compensation for negligence, but the jury gave \$800, D'Happert \$500 and her husband \$300, he being joint plaintiff.

Fighting Parson Resigns Charge. MONONGAHELA, Pa., Sept. 18.—The Rev. S. T. Brown, pastor of the Pineville Presbyterian church and known as "The Fighting Parson," owing to the battle he waged against the three saloons of that town, ending in the license, has resigned, announced that he will reach his home well worn September 27 and accept a call from the Clairton Presbyterian church.

## Bite Instead of Kiss.

WASHINGTON, Pa., Sept. 17.—A bite instead of a kiss is what Jules Dollard received when he and Fellea Bolgo, after a bloody battle, agreed to change hands, kiss and make an agreement to the custom of their native France. Dollard is now in the hands of a physician and is threatened with blood poisoning. Bolgo has disappeared.

WHO WILL GET IT?

Which of These Two Young Men Will  
Be Made a Partner.

There is a prosperous business man not a hundred miles from Conneltsville who is getting old and feels that he needs a partner. He has two young men in his employ—both of excellent character, both splendid salesmen, but out of them has never saved a cent in his life. The other has a tidy sum in bank. Can there be any doubt about which of these young men will become the junior partner? No. It is just such opportunities as these that are always open to the young man who saves—an excellent reason for having an account with the First National Bank of Conneltsville, where savings, earn 1 per cent interest and where young men are given every proper financial assistance.
